9:00-10:00..... Ok I closed the fishing pier and continued to patrol the entire perimeter Balboa blvd to Miramar and Miramar alley to I street and L. back down to Channel and Jetty park. As I was patrolling that area a homeowner stopped me and said there was a man at the end of the M street walkway camping out. I assume the homeowner told him he can't camp there, at this time the beach dweller lunged at him with a stick.. A 2x4.. It grazed him and his dog. At this time I checked the area. I didn't see him at the first look. He may have been down the beach. Both me and the homeowner reported the incident. to the police. I looked a second time and he was there, I told him he couldn't camp there. At this time he went and picked up his 2x4 and told me in Spanish Me malo I mess you up. Then pointed a tattoo out on his left chest. I held my arms up as held the stick up. He wouldn't come within striking range. I backed my way off the beach and waited for the police. They showed up about 10 minutes later. I briefed them and they went out to the beach. I circled back as they came off the beach. They said the man ran down to the water, they were gonna go back and tell him he had to leave.. Oh, I said, ok... Then I continued my patrol in and around the area. I then continued to close Jetty park which was quiet.

10:00-11:00..... I patrolled back through to Ocean front alley and the clubhouse. Moving back across Balboa blvd to A street B, C, D, E, F.. Then G street to Ocean front alley and M street. over to Jetty park then across to Seville Granada and all Eastside alleys. Everything is code 4....

11:00-12:00..... Securing all perimeter and interior streets. Miramar across to Channel up to Balboa blvd across to the clubhouse. Then over to E Bay alley, Then down Seville and back over to Channel and then across to all Eastside alleys and streets. Keeping a close eye on M street and Ocean area.. All is well.

12:00-1:00.....

Patrolled L park and I street and all mid neighborhood alleys. Ocean alley north to G street to Balboa blvd across to A street B, C, D, E, F... Back up to E Bay alley then over to the fishing pier and to the clubhouse. Back down to L street and L park, and over to M street and Jetty park.. No sign of our stick wielding friend.....

1:00-break... 1:45 back from break..... 1:45-2:00.....

Back on to the property at A street. Then across Balboa to Miramar, Miramar to Channel and Jetty park across Ocean blvd and Ocean front alley. I patrolled all alleys on the west side. Making sure the garages are closed. Back up to E Bay alley and out on Balboa to Jetty park. A few people came in, they left when seeing my lights. Then Back over Ocean to G street.....

2:00-3:00.....

Patrolled all west side alleys and streets. Ocean alley north, Then Miramar alley to L street alley and L park, Then I street and I alley I alley is the same as Ocean alley north. Across to Jetty park and The fishing pier. Patrolled all alleys on the east side. Then back over to E Bay alley.
