NEWPORT BEACH, CA 92663

Phone: 714-751-0347
Fax: 714-751-0351

Nordic Security Services is dedicated to giving quality service to our clients and residents which we proudly service.

In order to achieve this Nordic always asks for the assistance of the residents to report any concerns or suspicious circumstances to our dispatch center so that the officer can be dispatched to assist.

Any time that a call is placed to Nordic Security Services, the call is logged and dispatched to the security officer so that they can respond or inform the dispatcher to notify the police for additional assistance. **We always recommend you contact the Local Law Enforcement Agency first, during an emergency situation.** After a call has been made to the police, we recommend that you notify Nordic so that we may provide our security officers with the information and act as an agent for the property.

Nordic can be a professional witness in order to better assist the Police Department.
